

Vector Imaging App for Drivers on iOS

****YOU MUST CONTACT YOUR DM TO REQUEST ACCESS AND TO RECEIVE A PASSWORD****

Gypsum Express is now offering access to the Vector Imaging app on your personal IOS or Android device. The app on your personal devices syncs to tablet in the truck so you can have access to images that have been uploaded no matter where you are. You are no longer confined to your truck and tablet to upload images.

To get started, reach out to your Driver Manager and request access. You will need to provide an email address that you would like to use to sign into the Vector app. Within 1 business day your account will be setup and an email will be sent notifying you your account is ready."

Once you have received your setup is complete email you can find the application on your device app store or via the links below if browsing from your mobile device.

The app can be downloaded from the App Store by clicking here from your iOS device

1. Open the Apple App Store and search for Vector Mobile - Click GET next to Vector Mobile

 **Vector Mobile**
