1 Recipient ID for Mobile App Registration

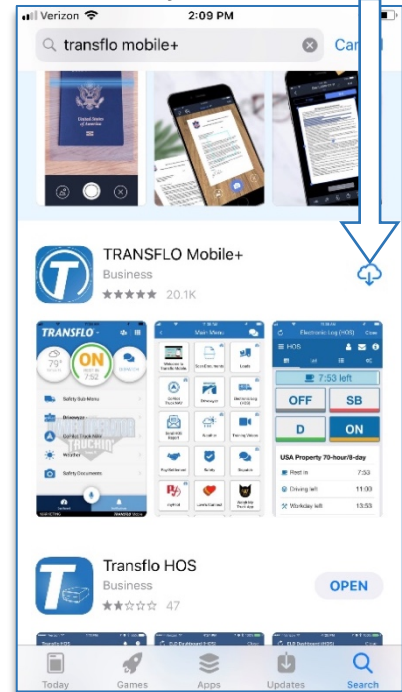

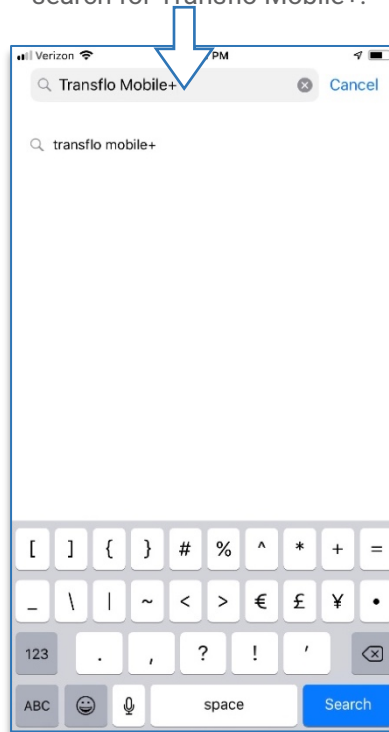

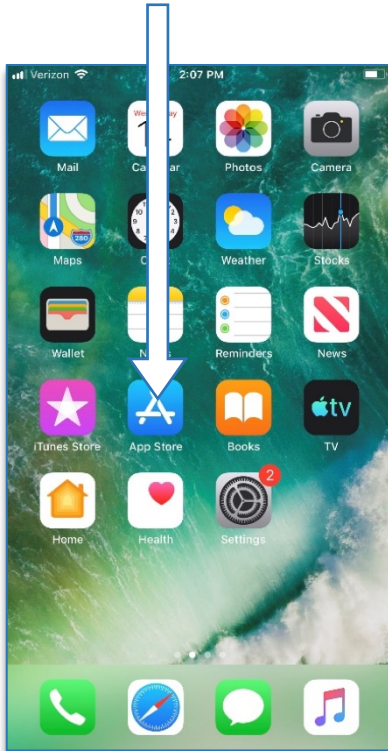

Please refer to your welcome e-mail for the Recipient ID. If you are a driver, please reach out to your company for the Recipient ID.

2 Instructions to Download Transflo's Mobile+ Application

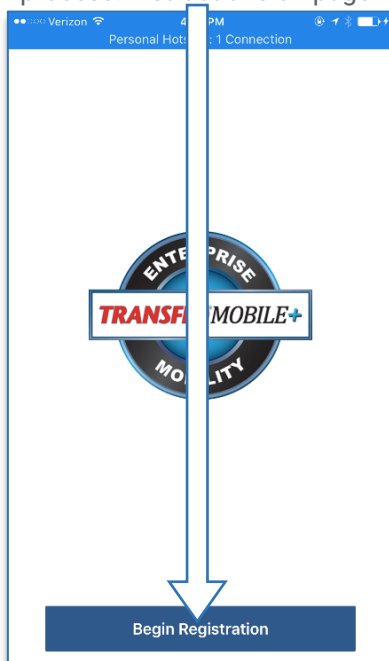

following are the instructions to download TRANSFLO Mobile+ from the Apple and Google Play App Stores.

2.1 Download Transflo Mobile+ from the Apple App Store

- Open the App Store application on your phone.
- On the bottom of the screen select the magnifying glass to search for Transflo Mobile+.
- On the right side of the TRANSFLO Mobile+ icon, it will either say "GET" or the or click the cloud symbol to download.

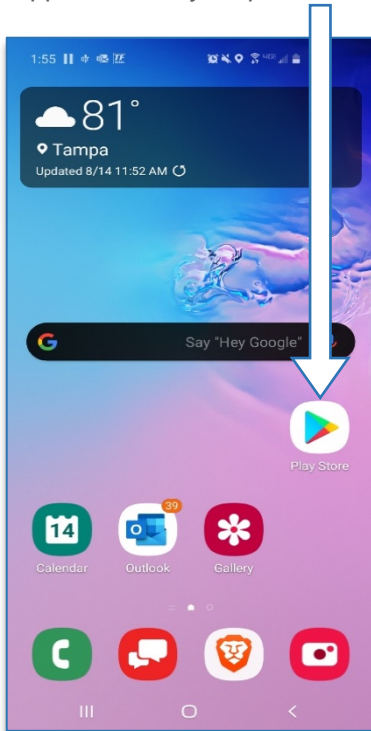

- Once the app has been downloaded, select "OPEN."
- Click to begin the Registration process. Instructions on page 4.

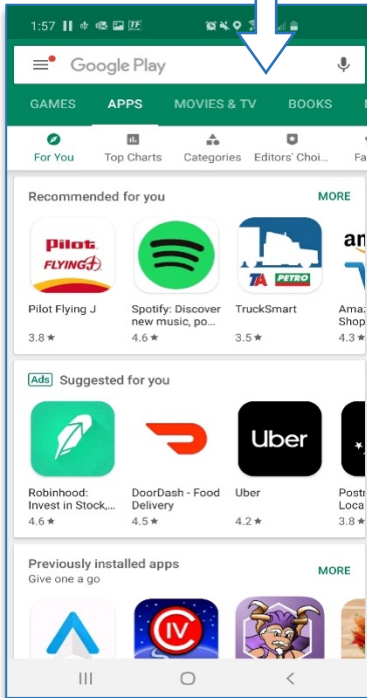

2.2 Download Transflo Mobile+ from the Google Play App Store

Below are the instructions to download TRANSFLO Mobile+ from the Google Play Store.

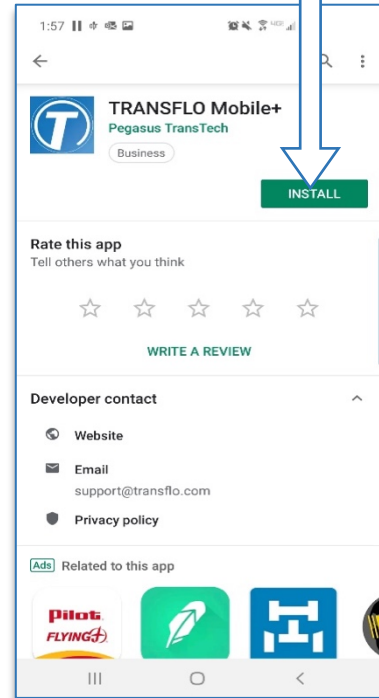

- Open the Google Play Store application on your phone.

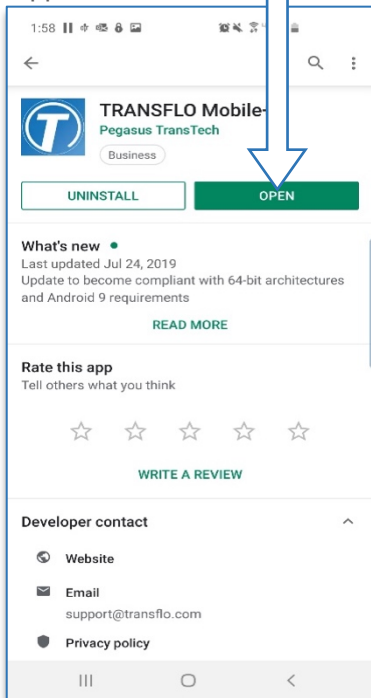

- In the search bar, enter in "TRANSFLO Mobile+" to search for the application.

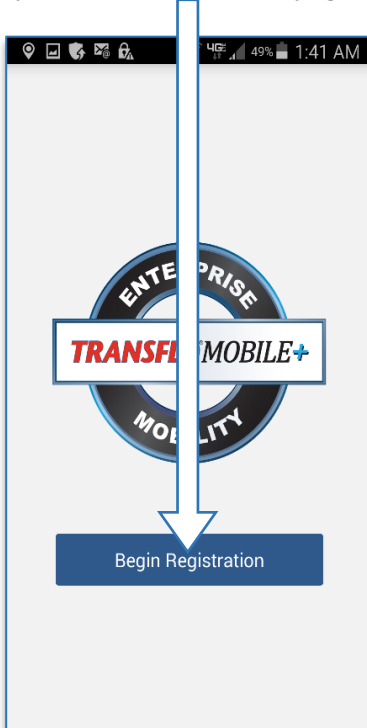

- Click "INSTALL" to download and install the TRANSFLO Mobile+ application.

- Click "OPEN" to grant permission to download and install the application.

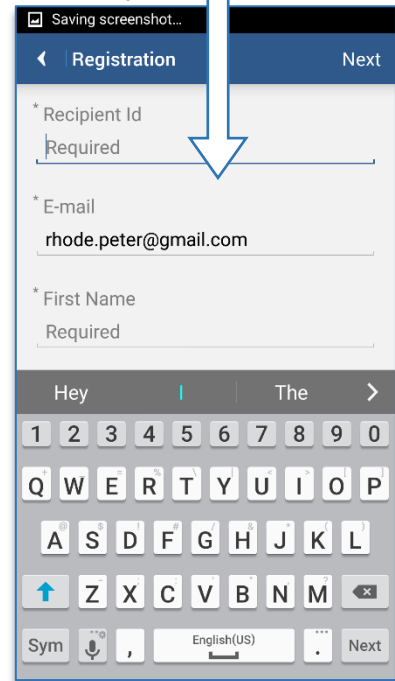

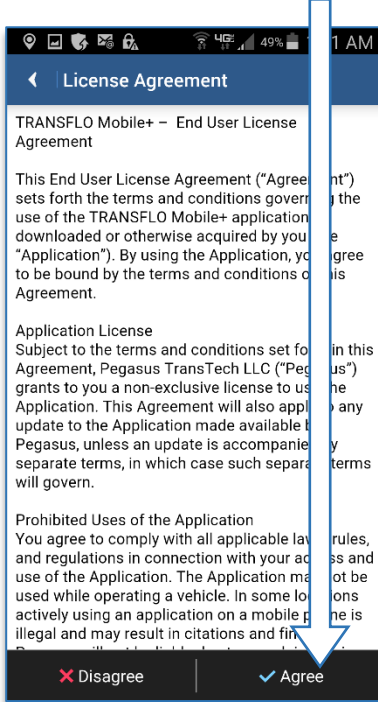

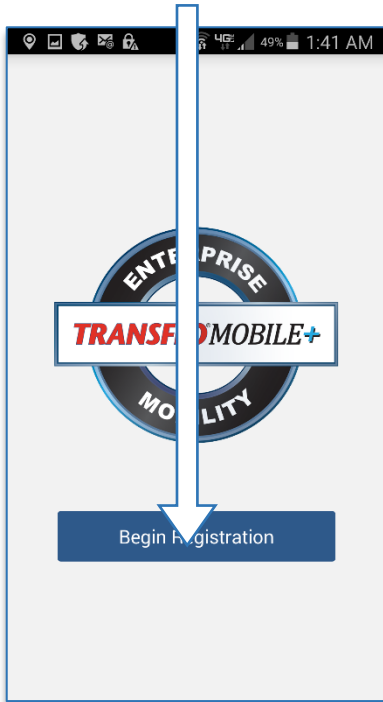

- Click to begin the Registration process. Instruction on page 4.

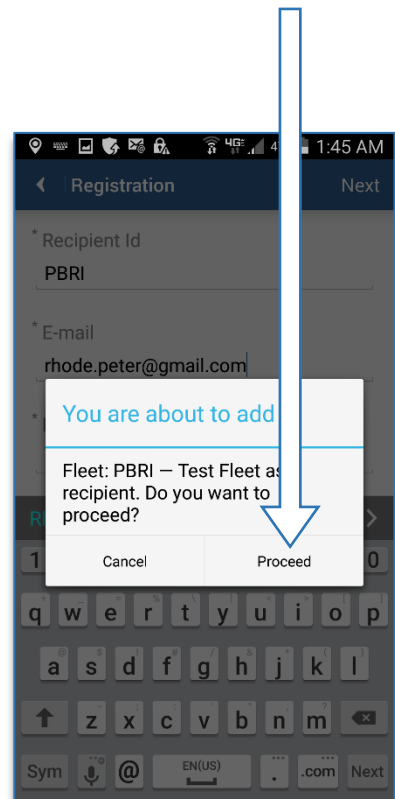

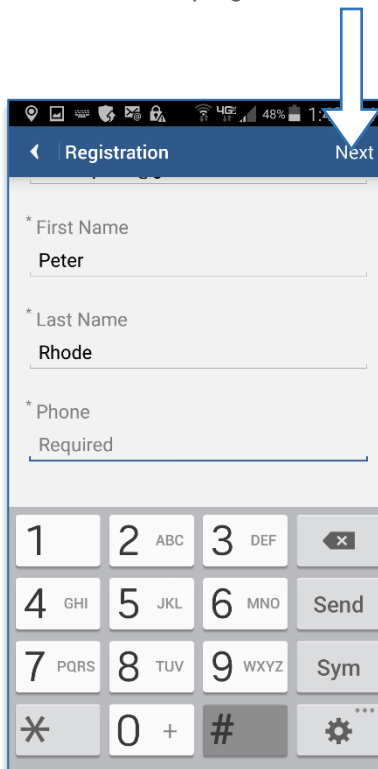

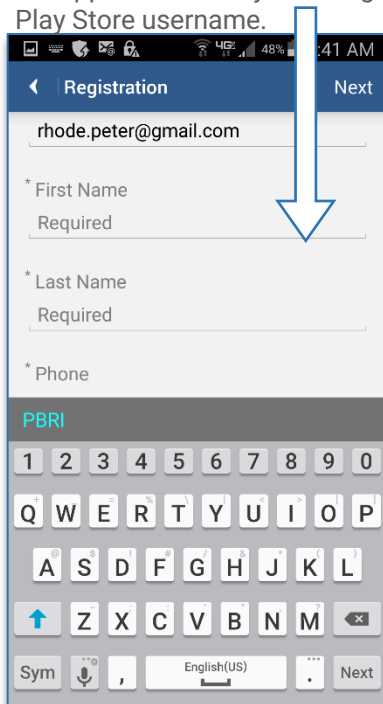

3 Register Mobile Application

- Select Begin Registration to register yourself as a user of the application.
- Review the End User License Agreement (EULA) and click the Accept button to move forward.
- Enter Recipient ID from section 1 of this document.
- Enter email address associated with the phone.

- Enter your First and Last Name.
- Enter the phone number of the device.
- Note: It is beneficial to register the application with your Google Play Store username.
- Once the registration fields have been completed, select "Next" in the top right corner.
- If you agree to add the selected recipient / fleet, click "Proceed".

The next step will be to complete carrier specific registration information

- Enter valid driver ID.
- If driver validation is enabled, the driver ID will be validated against the driver master file.

The screenshot shows the 'Registration Data' screen with a 'Next' button in the top right corner. The 'Driver ID' field is highlighted with a blue arrow. The keyboard is visible at the bottom.

- Once the carrier registration fields have been entered, click "Done" and select "Next" in the top right corner.

The screenshot shows the 'Registration Data' screen with a 'Next' button in the top right corner. A blue arrow points to the 'Next' button. The keyboard is visible at the bottom.

- Select "Submit Registration" to validate fleet registration process.

The screenshot shows the 'Registration Data' screen with a modal dialog box. The dialog has two options: 'Add Another Registration' and 'Submit Registration'. A blue arrow points to the 'Submit Registration' button. The keyboard is visible at the bottom.

- You will receive an email (to the email you used to register) from noreply@transflo.com titled TTransflo Mobile+ Activation.
- Click on the link in the email to activate your account.

The screenshot shows an email from noreply@transflo.com titled 'TRANSFLO Mobile+ Activation'. A blue arrow points to the 'Activate My TRANSFLO Mobile+ Installation' link. The email body contains instructions to click the link to activate the account.

- Click "Proceed" to activate the Transflo Mobile+ Installation.
- Once this is completed the application will be launched.

The screenshot shows the activation screen with a 'Proceed' button. A blue arrow points to the 'Proceed' button. Below the 'Proceed' button are 'Resend email' and 'Start over' buttons.

4 Switching between Carrier or Broker Fleets

- Click on the logo with dropdown arrow in top left.
- Then click the fleet to switch to.
